September 26, 2024

Dear Parents and Guardians,

I hope this message finds you well. I am writing to inform you about a recent incident of cyberbullying that has occurred among some of our students through a popular social media platform. As a school community, we take this matter very seriously and want to ensure that you are aware of the situation.

Cyberbullying is a violation of our school's core values and is something we have a zero-tolerance policy for. We believe that every student has the right to feel safe and respected, both in person and online. This incident has highlighted the need for continued conversations about kindness, empathy, and responsible use of technology.

Our staff is actively addressing the situation, and we are working closely with the affected students to provide support and guidance.

We encourage you to engage in discussions with your children about their online interactions and the impact their words can have on others. It's essential that we work together to foster a positive and inclusive environment both at school and online.

If you have any questions or concerns, please do not hesitate to reach out to the school at 718-542-4011. Thank you for your continued support as we navigate this important issue together.

Sincerely,

Nicole Winn
Principal
